

## **BLOODBORNE PATHOGEN (BBP) TRAINING INSTRUCTIONS**

Dental Professionals is required to give bloodborne training to Dentists, Dental Hygienists, and Dental Assistants on initial hire and annually thereafter. You will only be eligible for assignments if your bloodborne pathogen training is current. Dental Professionals has put together these training links to comply with applicable law. If you prefer to come into our office to take the mandatory training, please call us to make an appointment. You will be paid one hour at minimum wage when you complete the training.

Instructions:

1. The **BBP Training** is an interactive online training tool located on the Washington State Department of Labor and Industries website at:

[http://wisha-training.lni.wa.gov/Training/articulate/BBPathogens/story\\_html5.html](http://wisha-training.lni.wa.gov/Training/articulate/BBPathogens/story_html5.html)

At the end of the training, please take the short quiz. By signing the BBP Certificate of Completion (see #3 below), you are certifying you have reviewed the training and passed the training quiz.

Please note many items including laundry protocol, location of sharps containers, location of personal protective equipment, etc. will be specific to each temporary employer. Each temporary employer should provide site-specific training upon your initial site visit/orientation.

2. A copy of a sample **BBP Site Specific Checklist** that Dental Professionals will expect temporary employers to follow is available on this link. Please review this checklist so you are familiar with what type of site-specific items should be covered by the temporary employer.

3. When you are finished with the training module and have passed the quiz, fill out the **BBP Certificate of Completion** to document you completed BBP training and send or email it to:

Dental Professionals  
4700 42<sup>nd</sup> Ave. SW, Suite 530  
Seattle Washington 98116-4589

A complete copy of Washington State Chapter 296-823 WAC Occupational Exposure to Bloodborne Pathogens is available at:
